

FISCAL NOTE

SB 167 - HB 560

March 19, 2007

SUMMARY OF BILL: Requires local legislative bodies to conduct public hearings to approve or disapprove the exercise of eminent domain before property is taken by a county, municipality, county agency or municipal agency.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – Changes in property tax collections could occur as a result of this bill. Currently, if an entity acquires property through the power of eminent domain, there may be a change in tax status as the property changes from a taxable parcel to a tax exempt parcel. If the taken parcel is subsequently leased to a private entity, in-lieu of tax payments may be negotiated with the private entity. The amount of such payments can vary according to individually negotiated circumstances and may differ from the amount of tax collected prior to the government taking. Under this bill, such transactions may no longer take place. The property tax revenue impact cannot reasonably be quantified due to the unique circumstances of each taking and the outcome of any public hearing.

Assumptions:

- Industrial development boards are authorized to use the power of eminent domain to take property. Staff has been unable to find any instance of industrial development boards utilizing this power to date.
- The use of the power of eminent domain for traditional purposes such as the construction of roads would be a permissible public use, rather than promotion of economic development, and would therefore continue.
- Local governments could include the review of proposed use of the power of eminent domain at regularly scheduled meetings.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James W. White". The signature is written in a cursive style with a large, stylized "J" and "W".
